

Men's Club Hears Interesting Address On "Citizenship"

Rev. W. T. H. Cripps, Red Deer, Presented Enlightening Talk; Poor Attendance

"The democratic system under which we live is, to the men of the future, a government," claimed Rev. W. T. H. Cripps of Red Deer, in his address on "Citizenship," before the Men's Club at its annual meeting held on Tuesday night.

Pointing out that today the problem of citizenship is an extremely pertinent question because of the changes in style of government taking place in Europe at the present time, Rev. Cripps left with the members the thought that this generation should have behind them some solid foundation upon which the future generations can build their governments.

"Citizenship begins at home," the speaker declared, "and the home broadens into municipal, provincial and Dominion affairs."

Paralleling the governments of Canada, both provincial and Dominion, with the governments of Great Britain, Mr. Cripps declared that in Canada the governments are controlled by opportunists, and in the "Old Country" statesmen, true statesmen, look after the affairs of the country.

"True citizenship has, as its foundation, true patriotism," claimed the speaker, "and by true patriotism I do not mean the signing of 'O Canada' and 'God Save the King,' or the waving of flags and the playing of anthems. True patriotism involves sacrifice; it really lends itself to a person's preparation to live for his God, his Country and his King."

Examples of Patriotism
Rev. Cripps gave as his example of true patriotism "which is always alive," the crosses, the war memorials and tombstones which he saw on his trip through France to attend the Vimy Ridge Memorial unveiling. These concrete material memorials symbolize the self-sacrifice, the nobility and the idealism of true patriotism.

"To be a successful citizen, one must have not only business ability and acumen, but also ideals and idealism," Rev. Cripps continued. The speaker was introduced by Past President S. J. Boyd. After the address, President Harry J. Ford asked members for suggestions on methods to stimulate attendance at the regular meetings—attendance that was falling away considerably. Several suggestions were left with the executive to consider.

Ambitious Skiers Forced to Return To Their Homes

The travelling skiers from Bentley, Eugene and J. G. Blish and Harold Hopkins, who started out on March 11 to travel from Nordegg to Lake Louise and Banff by ski, were forced to abandon their trip Sunday because of impassable trails.

The wire containing this news was received in Bentley last Sunday evening.

The men left Bentley on Monday, travelling by railroad from Sylvan Lake to Nordegg, to which point they returned Sunday after spending several days in the mountains. They had not intended to ski to Jasper, as was reported in various papers this last week.

Elderly Bentley Lady Passes Away March 8

BENTLEY.—The death of Mrs. Mary Wecker occurred at the Bentley Hospital on Monday, March 8th. She suffered a stroke about two weeks ago.

Mrs. Wecker was born in Russia and was married there to Mr. Wecker. They came from Russia to North Dakota, from which place they came to Canada, living in Saskatchewan and B.C. before coming to Alberta.

For the past few years Mrs. Wecker has made her home with her son, E. Wecker, west of Bentley. She was nearly 80 years of age, her birthday occurring on March 20th. Mrs. Wecker's husband predeceased her by several years. She is survived by an adopted daughter, in California and her son, E. Wecker of Bentley. A brother lives in Saskatchewan.

Funeral services took place Tuesday afternoon from the Adventist Church, with Elder Martin officiating. Interment was made at the Adventist cemetery.

POLICE COURT
Walter McCutcheon of Clive was fined \$20 and costs when he appeared before Magistrate E. H. Jones Wednesday afternoon on a charge of intoxication. He pleaded guilty.

This Week's Thought

A little thing is our earth, and beyond it is Infinite.

540 Head of Horses Sold at Lacombe Sale; Average Price per Head \$93.91

Total Sales for Two-Day Selling Event \$50,712

Highest Priced Work Horse Bought by W. W. Wilson, Calgary, for \$240; Stallion Entered by J. Laing, Blackfalds, Sells for \$605

One of the largest horse sales in Canada was brought to a close Wednesday evening after 540 horses had been sold through the auction ring at the Central Alberta Sales Pavilion, Lacombe, in the two-day big selling event. Total sales on the horses amounted to \$50,712 making the average price per head \$93.91. These figures do not include three stallions that were sold for a total of \$1190, bringing the total sales to \$51,902.

Buyers from all over Canada and the United States journeyed here to take the pick of the Lacombe district horses. They found horses to their liking is evidenced by the fact that the average price per head was \$104.5 higher this year than the previous year, and \$25.31 higher than the average price received in 1935.

A large Clydesdale stallion, entered by John Laing of Blackfalds, was sold for the top price of \$605 to W. G. Smith of Edmonton. The horse, weighing 1900 pounds, was a three-year-old.

G. E. Lowry's Clydesdale stallion, weighing 1400 pounds, was sold to F. R. Steer of Lacombe for \$395.

The largest price obtained for a single work horse was \$240 on a six-year-old gelding entered by Manson Barr of Vermilion. W. W. Wilson, Calgary, was the buyer. The lowest price for a single horse was \$15, paid on a pony entered by F. C. Morgan of Ponoka. H. Chomyszyn, Breton, was the buyer.

The second highest price for a single horse was paid for a Clyde gelding entered by the Dominion Experimental Station, Lacombe, and bought by W. G. Smith of Edmonton for \$230.

Highest Priced Team
F. H. Reed, buying for the Dominion Experimental Station, bought on his trip through France to attend the Vimy Ridge Memorial unveiling. These concrete material memorials symbolize the self-sacrifice, the nobility and the idealism of true patriotism.

"To be a successful citizen, one must have not only business ability and acumen, but also ideals and idealism," Rev. Cripps continued. The speaker was introduced by Past President S. J. Boyd. After the address, President Harry J. Ford asked members for suggestions on methods to stimulate attendance at the regular meetings—attendance that was falling away considerably. Several suggestions were left with the executive to consider.

The chief buyers for the sale were: Stewart Brothers, Montreal, 65; Alex Watson, Lacombe (buying for Stewart Bros.), 42; A. M. Lang, Loyalist, 45; J. Bodonoff, Winnipeg, 20; E. Ariz, North Dakota, 19; A. Wilson, Bathurst, N.B., 14; Mr. Bernier, Quebec City, 10; J. M. Gilroy, Victoria, 15.

E. A. Rousseau, Calgary, 16; Forrester, Camrose, 11; J. Shelhamer, Billings, Mont., 10; A. Wisner, Edmonton, 13, and Victor G. Bowes, Toronto, 8.

It is estimated that close to 20 carloads of horses will leave Lacombe over the C.P.R. before the end of the week, bound for distant points.

Largest Contributors
The largest contributors to the sale were: J. M. Douglas, Lacombe, 50; F. C. Morgan, Ponoka, 31; A. E. Flewelling, Lacombe, 17.

F. R. Steer, Lacombe, 20; J. P. Armstrong, Kelowna, 11; J. W. McWilliams, Ponoka, 14; W. A. Melchior, Lacombe, 14; H. A. Day, Lacombe, 14; MacKenzie Bros., Lacombe, 31.

Harold Talbot, Lacombe, 10; J. A. Fife, Chiglick, 15.

"The most successful sale we've had," it was great," stated Jesse Fraser, secretary of the sale, when the prices were figured out. The facts bear out his statement to the fullest extent.

CORRECTION
It has come to our attention that an error occurred in the publication of the judgment given by Police Magistrate Simpson in the case of John Van, McNee, a hearing under the Master and Servants' Act. It is our present understanding that, judgment provided only for the payment of the amount of wages claimed and costs. Any reference beyond that was only incidental and not part of the judgment. The report was published in the best of good faith as a result of information that came to us and we are glad to make this correction now.

SIDE ROADS MUDDY
Side roads leading into Lacombe have been all but impassable of late for the past week. The frost coming out of the ground has turned many of the roads into quagmires of mud, and only late at night and early morning driving has been possible. The highways are in good shape and have almost reached midsummer form.

Opinions Cleaned At the Pavilion

Dave Schumacher, Bentley — I think it's a fine sale. The horses seem to be in the shape and the prices aren't bad. They Thorp backed him up in this statement.

James Gordon, Strome, Alta.—The prices aren't quite as high as those paid last year. They sure are a good bunch of horses.

W. G. Clarke, Edmonton—Horses are selling cheap. Edmonton right now. The Edmonton buyers aren't buying because the prices are too high.

F. H. Reed, Supt., Experimental Station, Lacombe—Considering the price of oats, the horses are extremely well fitted. I think the Lacombe Horse Sale is increasing in the number of horses entered and the number of buyers from outside points attending the sale.

J. Stewart of Stewart Bros., Montreal—The stuff isn't quite as good as last year's stock. The horses are not as well fitted, due, of course, to some lack of feed.

Tom Long, Blackfalds—The sale is much better than that held in Red Deer last week. It's the largest crowd I have seen in the Pavilion. People have come here from 30 miles around.

L. Shelhamer, Billings, Montana—The prices are sure plenty high. Why, horses are selling 500 cheaper per head in the States.

Jim Friswell, Lacombe—The fact that the Pavilion was crowded for the two days, selling shows the increased interest in the sale. I believe the sale is very successful.

Fred Bone, Red Deer—I think the horses last year were of better quality, but these are good horses entered in this sale just the same.

J. A. Lambert, Baynes — It's a much better sale than last year. On the whole the horses, though, are not fat, nor are they in the best of shape.

Relph Morrice, Clive—I believe there were some pretty good horses entered. The prices are as high as I expected them to be.

W. O. Dickey, Sylvan Lake—Have not been to one of these sales for (Continued on Back Page)

Around the Town

Mr. and Mrs. C. D. Williamson spent the week-end in Wetaskiwin, visiting with Mr. Williamson's parents.

Mr. George Brooks returned home Sunday after a week's visit in Calgary.

Miss Addie Reeves returned to Clive Tuesday, having spent the week-end at her home in Lacombe.

Mr. and Mrs. John McKibbin, formerly of Lacombe, will probably visit here for a short time this summer. It was learned from Mrs. C. E. Ramsey of Victoria through her father, F. K. Healing of Morning-side, that Mrs. McKibbin, now residing in Victoria, are well-known figures in this district.

The Women's Auxiliary of St. Cyril's Church, Lacombe, is holding a tea in honor of St. Patrick in the Adelphi Hotel, Saturday, March 13th. Tea will be served from 3 to 6 p.m.

Ray Saunders and Watt Keith, representing Magnet Lodge No. 12, L.O.F.E., attended the Grand Lodge at Calgary this week. Mrs. Saunders also took in the trip.

J. T. McNeice left Tuesday for North Battleford to accept a position with the Saskatchewan Pool Elevator, with whom he was formerly employed for many years.

The general business meeting of the Le-Wa-Far-Get Club will be held in the Town Hall on Wednesday, March 17th, at 8 p.m.

Murray McLeod, who has spent the past year in Port Elgin, N.B., arrived in town today to visit with his parents, Mr. and Mrs. F. E. McLeod.

HOLD EVERYTHING! See the new General Electric Tank Cleaner; 1-3 more power! only \$35.50—Morrison & Johnston, Ltd.—Advt.

Miss B. Burnett spent last week-end in Red Deer, visiting with her parents, Mr. and Mrs. N. M. Burnett.

Mr. and Mrs. J. O. Todd returned from Flatbush, Ala. last week-end, and will spend the summer in Lacombe.

Mr. and Mrs. J. Cumming and son of Edmonton are visiting with Mr. and Mrs. E. H. McCaughy for a short time.

Successful Affair Brought To Close

Pavilion Crowded as Farmers of Lacombe District Turn Out to Watch Sale Proceedings; Auctioneers Obtain Good Prices

"We're giving that one away, fellows," was a sentence often heard at the Pavilion with Clarence Dameron and Bill Durno auctioneering off the Lacombe farmers' horses. Working turn about in one-hour shifts, they sure moved those horses through the ring, and it took eight men, working harder than the proverbial bee, to look after the business end of the sales. Jesse Fraser and Dunc Chisholm and staff couldn't even stop for lunch.

The prices stayed pretty low the opening morning until those fine horses belonging to W. A. Meldrum of Clive caught the buyers' eyes and started the bidding in earnest.

1. Bodonoff of Winnipeg are scared the bidders out of the ring on that big horse entered by A. E. Flewelling Tuesday morning. It sold for \$175, with only two bids.

Don't it? The big grey mare entered by J. M. Douglas made several buyers move smartly as he came plunging into the ring, and that grey owned by J. P. Armstrong stepped back from its team and entered.

out at the barns at the back there were horses every direction you looked — standing, walking, galloping, or laying down — all horses.

Twice a Busy Road
That road leading into the pavilion look more traffic than it has had for many a day. . . and don't think it wasn't muddy. . . A black gelding owned by E. E. Miller couldn't keep away from its team and, regardless of what its handler did, insisted on galloping into the ring, making the ring riders scatter quickly.

Lunch counter seats were at a premium all afternoon, and the caterers were as busy as anyone in the building. . . Entries were still rolling in to the sale officials Tuesday afternoon, causing them extra work and inconvenience. . . Several buyers strolled out to the barns and made some private purchases from the stalls and rows of horses gathered out there.

Tuesday's High Price
A horse entered by Manson Barr of Vermilion brought the highest price of the first day, selling at \$240. The bidding started at \$150 and Clarence Dameron whacked the price up to \$240. . . This price was \$50 higher than the high single price paid in Red Deer at their horse sale. . . W. W. Wilson of Calgary was the buyer.

G. E. Helz of Billings, Montana, made the last purchase of the first day's selling. . . a fine team entered (Continued on Back Page)

STARS IN THEATRICALS
George England is making a name for himself as an actor in University of Alberta plays. Last Friday and Saturday night, playing a major role in "Dangerous Corners," George made a big hit with the Edmonton critics.

Mrs. R. Warren returned from Innisfail on Saturday night, where she went to attend the wedding of her cousin, Miss Hazel Holberton, whose marriage to Mr. Bert Lockhart took place on Wednesday afternoon.

Mrs. Warren was the guest of her parents, Mr. and Mrs. A. C. Watt, and was honored by many social affairs during her stay in Innisfail.

Mrs. E. H. McCaughy entertained the members of the Modern Mamas' bridge club on Monday night. Honors were won by Mrs. Bob Ross and Mrs. Ted George.

Horace Sellers was a week-end visitor in Edmonton.

Mrs. A. M. Campbell was hostess on Monday night to the members of her bridge club. Three tables were in play.

The annual viny banquet under the auspices of the Canadian Legion will be held in the Church Hall on Friday, April 9th.

Miss Grace Dunlap entertained the members of the Teachers' bridge club on Tuesday night. Honors went to Miss Vivian Pratt and Mrs. A. Meston.

L.O.F.E. TEA
The Lord Lasselles Chapter will entertain at an Afternoon Tea at the home of Mrs. B. Baunsey on Friday afternoon, March 19th, from 3 to 6 p.m. Those who approve of the Library and Scholarships should be glad of this opportunity to show their appreciation.

Mrs. H. E. Wilson entertained at her home Wednesday. Six tables of bridge were in play, honors being won by Mrs. A. M. Friswell and Mrs. H. Laughlin.

Bob McCaughy returned home Tuesday night from a few days' visit in Edmonton.

Ben Smith of the local Royal Bank of Canada staff was a week-end visitor in Edmonton.

Charlie Allison was a business visitor in Lacombe for a short time last Thursday.

Miss Margaret Aldwinckle visited her mother here over the week-end.

Two local White Wing players returned to their homes Wednesday. J. Miles travelling to Hughenden and L. Swinarski returning to Hardisty.

Edmonton Rangers Defeat Wings By Score of 7 to 3

Local Team Put Up Hard Battle Although Badly Outclassed; Miles Scores Twice

The 1936-37 hockey season closed last Thursday night when the local White Wings went down to defeat at the hands of the Edmonton Gas Rangers by a score of 7-3. Outclassed but not outhearted, the local boys played hard from the drop of the hat. The local team appeared as misfits to the heavier visiting team.

The game was to have been the first of a home and home series for the Junior "A" class championship of Northern Alberta. The second game, scheduled to be played in Edmonton, has been cancelled and the series given to the Edmonton Gas Rangers.

The game, played on rather sloppy ice, degenerated to shilly in parts as the puck became heavy with wet snow. Edmonton stepped right into the lead in the first period, winning in five goals.

Swinarski played a brilliant game in the local goal mouth and saved several times from close in.

Edmonton Defence Good
The Lacombe team found their feet in the second period and several close shaves around the Edmonton net kept the crowd on its feet. The northern city's defence, however, was a little too tight for the local forwards, and Edmonton players broke away twice to ring up two more goals before the end of the period.

Early in the final period, with Edmonton a man short, Lacombe kept the puck inside the Rangers' blue line for close to two minutes before banging in their first counter of the evening. About 10 minutes later Miles scored from outside the blue line on a lucky shot that the Edmonton goal-keeper didn't see until too late. With half a minute to go before the end of the game and the White Wings two men short, Miles broke away from an Edmonton attack, sailed the puck into goal and gave the goal-tender no chance to save, to make the score 7-3.

United Church
W. M. S. Holds Annual Meeting
A total of \$24,373 was raised by Alberta women for mission work through the year 1936, it was learned at the 12th annual meeting of the Women's Missionary Society of the United Church, held in Knox Church, Calgary, March 2 to 5.

The money thus raised will be expended on hospitals, schools, homes and community work sponsored by the society in this province.

Among the dozen resolutions presented, the following are of general interest:

1. That in accordance with the move of British film companies to produce suitable films for children, a petition for a law action be sent to the Alberta censor.

2. That the Canadian government be asked to take such steps as may be necessary toward state control of manufacture of war munitions and armaments and the prevention of exploitation by private individuals of all the exigencies of war.

3. That all possible support be given to the cause of temperance.

Intermediates Trim White Wings 9-6
An exhibition game between the Junior White Wings and the local members of the Intermediate team was played in the town hall on Tuesday night, with the Juniors getting the short end of a 9-6 count.

The ice was fairly sticky and the going was tough for the players. As a result, the game (except for short bursts of speed) was rather slow.

About 50 fans turned out to see the game.

Do You Remember— "Way Back When?"
(From the Minutes of the Town Council)

30 YEARS AGO—MARCH, 1907
A petition from the townspeople of Lacombe, asking for the repeal of the Fire Limit By-Law, was read. The petition received some discussion but was laid over until the next regular meeting.

The police committee was instructed to procure necessary equipment for the use of the town police.

25 YEARS AGO—MARCH, 1912
A motion by Councilor G. Hutton, seconded by Councilor J. Gourlay, "that this council is in favor of selling to the electric railway company the electric light plant and equipment at cost, taking in payment some street lighting and a certain fixed rate for domestic lighting for a period of years."

Permission was granted W. F. Brett to build the addition to the present furniture store.

Weddings
SOLBERG-MANN
A pretty wedding was consummated in Rimby United Church March Saturday, March 6th, when Albert Clarence Solberg, son of Mr. and Mrs. S. C. Solberg, was married to Mrs. E. Mann of Hardisty.

Mrs. Alvina Mann, sister of the bride, attended the bride, while Mrs. J. H. Hansen of Bluffton was best man.

Spruceville

SPRUCVILLE.—Owing to the Lacombe Horse Sale, the U.F.A. meeting scheduled to take place on March 10th was postponed. The meeting, a joint U.F.A.-U.F.W.A. one, will be held next Tuesday evening, March 16th, at the home of Mr. and Mrs. Heath.

Capt. Jack Boden of Vancouver arrived in the neighborhood Sunday morning. He is at present visiting with his brother Dave and will later visit with his sister, Mrs. Parker. It is always pleasant to hear people say how they are enjoying

themselves, and this was overheard in the hall Friday night—many times—despite the roads there was a good crowd at the Junior's dance, and all were enthusiastic about the good time they were having.

Many horses have been sold out of this district; prices were good and everyone appears satisfied. Mr. and Mrs. Wolfertson of Alibon were visitors in the district last Friday.

We are very sorry to hear that Mrs. Walker is under the care of the doctor again. Mrs. H. P. Peterson is taking care of her. The ladies' meeting held last week was very successful—many ladies joined and a very pleasant afternoon was spent.

Canadian National Revenues Increase

The gross revenues of the all-inclusive Canadian National Railways System for the week ending Feb. 21, 1937, were \$3,495,314, as compared with \$3,127,186 for the corresponding period of 1936, an increase of \$368,128.

Aberhart Offers Resignation As Social Credit Leader

Frankly admitting that, in the 18 months of its existence his Social Credit government had not been able to put into effect its promised policy of a new economic order, Premier William Aberhart of Alberta, from the pulpit of the Calgary Protestant Bible Institute where he preaches, told Social Credit supporters in the province that they should decide whether he is to remain in office or to resign.

Tees Tattle Tales

By TATTLER

TEES.—The play that has been coming up all winter, went over with a bang Friday night in the Community Hall. The seats were all taken up and very little standing room could be found at the back of the hall. The play kept the crowd in fits of laughter and plenty of applause was given the cast. The next point to be played will be Clive, within a couple of weeks. Between the acts a few musical numbers were given by Mrs. Ebert and a vocal crowdette by the audience.

After the play, the young ladies of the Young People's Club put on a sale of sewing. A great number of useful articles were soon picked up at bargain prices, and the few odds and ends that remained were soon auctioned off by "Ole Rastus," making a tidy sum to be turned into the club's coffers. The chairs, seats and benches were then cleared, and after a sumptuous meal, a dance, which lasted until three a.m., was held.

The sad part of the evening happened around 10 o'clock. The dance musicians were arriving and Lewis "Babe" Lawson, the organist and pianist of the village and orchestra, left his finger in between the door and door jann on their car, after receiving first aid, he gritted his teeth and went through with the evening.

Lads Improving

The roads in the district are drying up fast and most of the snow has left the fields. If the fine weather continues a few of the farm boys expect to get out on the land. The old-timers say: "No crows back yet—then no work in the fields." They are sometimes but very seldom wrong.

Everyone in town and country headed for the Lacombe Horse Sale on Tuesday. Miss Helen Lawson was rushed to the Stettler Hospital last week and was operated on for appendicitis Monday. It is hoped that she will have a quick recovery and return to the village soon.

I wonder why all the men Monday afternoon were carrying a pair of horse shoes. Can it be that they are going to start the old Horse Shoe league up again?—or were they going to take them to the Horse Sale?

Mr. Ardley has been busy distributing some of his Garnet seed wheat

throughout the country. It must be good if the number of prizes it has won is any indication.

The Social Credit group advise that they are solidly behind Premier Aberhart and are going to advise him accordingly. The regular meeting will be held at the school on Wednesday night.

Mrs. T. E. Neiles left Tuesday for a short holiday in Calgary. Mrs. Gobeorg, now in Calgary visiting, is expected home any day.

Lincoln

LINCOLN.—Mrs. and Mrs. A. W. Miller and Walter returned home on Friday last after spending the last two months in the U.S.

Remember the Juniors' dance to-morrow (Friday) night. We are sorry to hear that Mrs. Spink is on the sick list and wish her a speedy recovery.

Martin Stone has returned from Buck Lake. Congratulations are in order to John Stone, who is getting married on March 16th in B.C. John is the nephew of Mrs. Algot Wilson of this district.

Bentley

BENTLEY.—Miss Ava McKay of Blackfalds was the guest of her aunt, Mrs. Eugene Black, last week.

Mr. and Mrs. Irvin Palmer were Calgary visitors on Thursday last.

The Provincial Government snow plow made a trip over the Gull Lake-Sylvan Lake highway on Thursday. Quite a number of Bentley people attended the Amateur Contest at the Garratt School on Thursday evening, sponsored by the Ladies' Auxiliary of the Rains Creek Church. John Hunter, Bentley, was successful in winning a prize for instrumental music in the adult class.

Garden Club Meets

The Garden Club held its regular monthly meeting at the club rooms on Tuesday last, with a large number present. Mrs. E. J. Leonard of Sylvan Lake was the guest speaker and gave a very instructive address on the care and growing of bulbs. A meeting of the executive will be held in the near future to arrange the work for the summer. The president, Mrs. C. F. Damron, presided.

The first meeting of the re-organized Ladies' Aid of the United Church was held at the manse on Thursday afternoon, with a fair attendance. Arrangements were made to serve Irish stew on St. Patrick's Day at the supper near and Mrs. Warren was elected as secretary-treasurer. A committee was appointed to take charge of the April meeting. The hostess served lunch following the business meeting.

Case of Scarlet Fever

A man who had been working for Mr. Guillemund, five miles north of Bentley, for some time, was brought in to the village to consult with Dr. Henry last Thursday. The doctor pronounced his ailment scarlet fever. Dr. Little of the Red Deer Health Unit was notified and came out, when arrangements were made and he was sent to the Isolation Hospital at Edmonton in the ambulance of C. Raymond, Lacombe. His home was not in the district, as he came from the roof department, Calgary, to Mr. Guillemund.

Dr. Little also went to the farm and gave inoculation to the family and all possible precautions are being taken to check the disease spreading.

F. W. Thorne and Faye Johnston left for Banff on Saturday last to

Fairview

FAIRVIEW.—The whole neighborhood was quite concerned Monday evening of this week when it was learned that George Brown had been taken suddenly ill, but we are glad to say that he is some better now.

We are glad to know that Frank Howland's little girl, who last week took an overdose of winter-green, is now quite out of danger.

Mr. and Mrs. H. J. Sims were quite agreeably surprised on Monday evening of this week when quite a few of the neighbors came in for the evening to wish them well in their new home in Spring Valley. The C.G.T. girls remembered Kathleen with the gift of a fountain pen and Miss Alice Monis with a beautifully framed motto, and Mr. and Mrs. Sims with a beautiful shawl.

set. The evening was spent in community singing and other amusements and all had a good time. We are sorry to hear that Mrs. Bryson Butcher is very ill with the flu.

The roads out our way are in very bad shape.

ELK FROM ALBERTA
MONTGOMERY, N.B.—Acting on a suggestion of the Fish and Game Department experts of the Canadian National Railways, elk from Western Canada were moved by rail from Alberta, and it is believed it will be possible to establish the species in the East.

Rugs and Floor Linoleums are made in richer patterns than ever before and we can supply you with any size or pattern in Lino, Congoleum, Polished or Vellut Rugs at Lacombe Furniture Store.—Adv.

LACOMBE

Rimbe

RIMBEY.—Eight tables of whist were in play on Friday evening at the home of Mr. and Mrs. Arthur Hayden of the Monte Vista district, north of Rimbe, when ladies of that district sponsored a drive to raise funds for the Rimbe hospital. A most enjoyable program of music and readings followed the cards, with Mrs. J. Grinde, W. B. MacGillivray, Charles Smith and Harold

Reckhardt the contributing artists. Court whist was featured at the tables and the following were prize winners: Lucy Donnelly, Leo Palfreyman, James Bowen and A. H. Hayden.

The Junior League of the Church of the Nazarene held a surprise party last week at the home of their leader, Mrs. Robert Lewis, in honor of Mrs. William Humble, who, with her husband, Rev. Humble, has recently taken up residence in Rimbe. There were 18 members of the league present. They spent a delightful afternoon playing games and contests. Mrs. Humble was made the recipient of a heart shaped cushion, handsomely embroidered with the names of the club members. Miss Minnie Cook made the presentation.

The senior group of the C.G.I.T. under the leadership of Mrs. Winfield Race has been making a study of the various menus for food and preparation of meals. Also, correct decorum in table setting. The girls have been fortunate in that they have had the pleasure of listening to weekly talks on this work from members of the United Church Ladies Aid. This week's meeting was held at the home of Miss Vile Wilton and was addressed on the subject of "Banquets—Their Preparation and Serving," given by Mrs. H. E. Halpin.

The Women's Foreign Mission Society of the Church of the Nazarene held its annual meeting in the church on March 3. Mrs. W. H. Cork was elected president. Mrs. Walter Lynn, first vice-president; Mrs. Robert Lewis, second vice-president; Mrs. Max Vile, secretary; Miss Irene Wright, treasurer; Mrs. Robert Lewis, leader of the Junior Missionary League. Exceptionally favorable reports were given on every line of work undertaken by the society during the past year.

The Wallpaper and Painting section is again upon us and the Lacombe Furniture Store has a complete line for interior decorating, at prices you can afford. Adv.

Sport-Scope

By JACK McCAUGHERTY

It looks like "good-bye" to hockey in our town until next year. The mild weather is taking its toll and the ice is disappearing quickly. The intermediates were ousted last week in the Black Cup playdowns and the Juniors took it on the chin in the semi-finals of the Alberta championship. They dropped a 7-3 decision to their Edmonton rivals Thursday and weather conditions rounded out a second-game defeat.

There is a lot of credit coming to the Junior club. They did well to get as far as they did. In practically every encounter their opponents have outweighed them, but they fought uphill and won the struggle. However, a greater obstacle has tagged them the whole season—in insufficient coaching. This held them back.

Meanwhile, the High School hockey league has drawn to an end. And out on top—the Buzzards. These "fish eaters" defeated the league-winning Hornets in two of the three games in the final series, thus capturing the championship of the school. They opened strongly in the first game, springing a 5-4 upset; the second game went to their opponents by a 4-2 decision. The final game, played last Saturday, brought them the cup, with a "slushy" 7-4 triumph.

The MacDonald Brier Trophy is

once more in Alberta's possession. Skipped on to victory by veteran Cliff Manahan of Edmonton, the Alberta rink handed Manitoba's representatives an 18-7 shellacking in the deciding game last week to take the cup, emblematic of supremacy in Canadian curling. An extra game decided the championship, for at the end of the scheduled play both provinces were linked with eight wins and one loss each. Northern Ontario, Saskatchewan, Nova Scotia, B.C., Ontario, Quebec, P.E.I. and New Brunswick followed in the standings in that order. Alberta's only defeat came as an upset from B.C., while Manitoba dropped only before the present champions.

Two championships in two trips—1933 and 1937. Not a bad record, Skip Manahan!

The sport world received a severe shock on Tuesday when it learned of the passing of veteran Howie Morenz, famous hockey player. Howie, who has been making a fine comeback this season with Montreal Canadiens, was struck with a heart attack while in the hospital recovering from a broken leg. Howie is gone, but he will long be remembered as a truly great hockey player.

Iowalta

IOWALTA.—Quite a number of our young folks who are residing in town were home visitors over the week-end, among them being the Misses Ellen Ziehl, Dot Russell, Jennie and Addie Fritzell.

We are sorry to hear about Jim Duncan being in the hospital for an operation for appendicitis, but are able to say that he is progressing quite well and looking forward to spring work.

Quite a few of our district residents attended the Horse Sale in Lacombe this week.

The weekly card party held at Iowalta school last week was a success. We invite everyone to come in two weeks' time, March 19th.

Miss Dora Bragg has left our district to take up duties at the Ponoka Hospital, where she has entered to take a nursing course.

Don't forget the annual Iowalta bean supper on March 17th. Come and have a real feed—service and sociability guaranteed, also a real enjoyable evening.

Accident Leads to
Major Industry

A cow kicking over a lamp, they say, started the Chicago fire. A spider climbing a thread brought Bruce of Scotland victory. But these and many other like historical incidents pale before the story of the housewife whose carelessness founded one of the most important phases of the Canadian fish industry.

Away back in a Scottish village a housewife left a haddock hanging from the rafters of her cottage as she went out for the day. She had left it too near the peat fire, however, and when she returned the fish was all dried by the smoke from the fire. She decided to cook it anyway and the result was so appetizing that the news spread like wildfire and smoked fish became a national delicacy.

Today the popularity of smoked fish has spread everywhere and the appetite for this delicacy has founded Canadian organizations of international repute, some of which have been established a century and more.

The Canadian climate has been found ideal for the production of this delicacy and other cured fish and today the Dominion holds a foremost place in world trade in the export of dried, smoked and pickled fish.

Husband (arriving home late) — Can't you guess where I've been, dear?
Wife—I can; but go on with your story.

Sunny Crest Specs

By SPT

SUNNY CREST.—Miss Rita Saunders is visiting her sister, Mrs. Gordon Gilbert of Delburne.

Nellie Martina is home from school with the measles, so they have at last found a way into our district.

D. Riley of Meadowbrook was a visitor in our neighborhood last week-end.

The folks at McLaughlin Beach gathered at the home of Mrs. Powers to celebrate Miss Lurline Powers' birthday on March 7th.

Sunday Crest Sunday Services

Sermon topics for March are as follows:

March 7—Holy Communion.

March 14—"The Place Called Calvary."

March 21—"The Message of the Three Crosses."

March 28—"The Resurrection."

The Sunny Crest Sunday School has been re-organized with the following officers:

Adult Class—Mr. Matthews, teacher.

Young Ladies' Class—Mrs. E. Dole.

Junior—Mrs. H. Woods.

Superintendent—Harvey Fisher, also acting as treasurer.

Secretary and assistant superintendent—Theodore Fisher.

Organist—Mrs. R. Gee.

Chorister—H. Woods.

Tuesday evening the young folks meet at the home of Mrs. Dole to organize a young people's class and arrange for work with the girls and weekly meetings.

Wedding Held

Even the Spy did not know that quiet wedding had taken place lately. J. Fisher and Miss Helen Hoffman were married Jan. 28th.

Mr. and Mrs. J. Fisher entertained some of the Befus family Sunday last.

Looks like Spring. It has been reported that a robin has been seen and several gophers have been shot.

Great Britain May
Further Increase
Its Wheat Output

The British Wheat Act provides for a subsidy for home-grown wheat to a maximum production of 27 million hundred-weight in any one year. Up to that figure the grower gets \$2.50 a hundred-weight for all the wheat he delivers, and over that volume the bonus diminishes.

A proposal has recently been made to increase the maximum and thus permit a greater volume of home-

grown wheat to rank for the subsidy. The Conservative party's agricultural committee recently advocated an extension to 30 million hundred-weight.

Under the influence of the Wheat Act, home production of wheat has increased from 1,197,000 acres to 1,705,000 acres.

"The only sacrifice God asks of any man is the sacrifice He asks of the farmer when he has put his seed grain in the ground."—Dr. Hutten, London, Eng.

SERVICES
MADE POSSIBLE

Because a Province-Wide
System Serves You

EVEN the smallest village connected with this province-wide power system has electrical energy available every moment of the day and night.

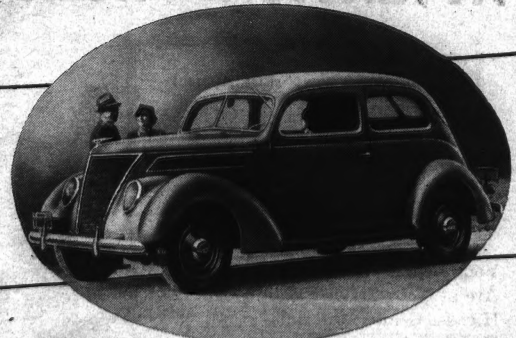

Surplus water power capacity interconnected with steam plants and a network of power lines, all of which are operated and maintained at a high standard of efficiency, make electrical energy available instantly and economically.

The operation of the Company's system requires a skilled technical staff, and in addition, local managers who are located at many points throughout the Province. Facilities are thereby available through which the Company provides consumers of electricity with the best solutions of their electrical problems, and acquaints them with the latest developments in equipment and appliances. This service enables our customers to obtain from the electricity used the best results at the least cost.

Canada's Sugar Beet Production

Sugar beets in Canada are grown under contract between growers and manufacturers, the matter of price and acreage being arranged within the industry. Canadian sugar beet production in 1936 is estimated at 560,000 tons as compared with 465,000 tons in 1935, an increase of approximately 22.1 per cent. Although Ontario plantings decreased slightly from 38,500 acres in 1935 to 37,800 acres in 1936, production was estimated at 305,000 tons in 1936 as compared with 327,000 tons in 1935. Alberta plantings in 1936 exceeded those of 1935 by 4,000 acres and production increased by 77 per cent to 204,000 tons as compared with 138,800 in 1935.

J. H. MORRIS

Car Shipments Up Over Last Year

SH Down Strike in U.S.A. Expected Canadian Plant Very Little

OSHAWA.—"General Motors of Canada, Limited, closed the end of February in a gratifying position as far as car shipments are concerned," says C. E. McFavish, general sales manager. Notwithstanding the slackening of production in January, enforced by the shut-down of American plants which supply certain material, the shipments of cars from the beginning of the year to the end of February are much higher than shipments during the same period a year ago.

Schedules at the Oshawa factory had been considerably advanced and material had been brought in to the limit of storage facilities, so that operation was possible here during the long period when the American plants were closed.

Sales Show Increase

The situation with regard to deliveries, Mr. McFavish said, is very good, and he quoted some figures on the various car lines, indicating that Canadian deliveries are much better than is relatively the case in the United States. The demand is greater in Canada, sales showing a greater percentage of increase over the previous year than in the U.S.

The case of Chevrolet, Mr. McFavish pointed out, is a good example. Shipments of new passenger models from the beginning of the model year up until the end of February show an increase of 25 per cent over the same period a year ago. In the case of Chevrolet commercial cars, there was no shortage of material in January, with the result that shipments in the period under review are 70 per cent greater than a year ago.

Gain of 31 Per Cent

By the end of February, shipments of Oldsmobile Six, as opposed to shipments of this model a year ago, will show an excess of 31 per cent.

The best showing by passenger cars, however, is made by Pontiac, shipments of which at the end of February were 125 per cent above shipments during the same period a year previously.

The demand for G.M.C. trucks resulted in an upturn in shipments of nearly 500 per cent, indicating the increased popularity of this commercial line.

SALMON PROVE VALUABLE

From the standpoint of annual dollars-and-cents return British Columbia's salmon fishery is the most valuable fishery in the Dominion. Five species of salmon are taken. The 1936 output from the British Columbia salmon canneries was about 1,850,000 forty-eight pound cases or their equivalent.

TO PURGE MONTREAL

By H. G. L. STRANGE
Director, "Crop Testing Plan"

A most unusual situation exists at the moment with the price of wheat on world markets.

No. 1 Canadian wheat at Liverpool is selling for 14 cents a bushel more than the best Australian, 21 cents higher than the best Indian and 25 cents more than the best Argentine.

These spreads are considerably greater than the extra quality of "Manitoba" usually warrants, yet today, at these wide spreads, such quantities weekly are being purchased as will probably bring the "carry-over" of Canadian wheat on August 1st down to a normal level of not more than 40 million bushels.

Why is it that suddenly the world is purchasing so much Canadian wheat at such unusual premiums?

Two explanations are made. One is that some countries in Europe, particularly Italy and Germany, are this year very short of food for their people and so are willing to pay these prices. The other thought is that a good deal of Canadian wheat now being purchased is not for immediate consumption, but rather for storing up against possible war. Canadian wheat is particularly well-suited for this because it has good keeping qualities.

Sooner or later, however, these wide price spreads will narrow up.

Following factors have tended to make prices in Italy and Germany continue to purchase wheat from many countries in large quantities: Spain bidding for wheat; Argentine large shipments are being eagerly bought; wheat area in North China needs additional moisture; prices of many raw materials rising; Mexican vegetable crops damaged by frost.

Following factors have tended to lower prices—European crop conditions generally favorable; India expects to start shipping to world markets soon; Argentine and Australian crop of high quality; U.S.A. winter wheat belt receives precipitation; Germany permits admixture of potato and rye flour in bread; Russia has a record acreage in grains.

Let us take the Noranda mine, for instance. Located in Quebec, it has paid 28 million dollars in dividends since it began production in 1927. Yet in 1932 its shares sold for as low as \$2.50—today they are as scarce as blue cherries and sell for \$77 apiece!

Even more spectacular has been the rise of Lake Shore shares. This mine is in the Kirkland Lake district of Ontario and it has returned 49 million dollars to the folk who believed there was "gold in them thar hills"—and bought shares at \$1 each some 20 years ago—and what is more, these same \$1 certificates are worth \$58 today.

Then there's the Premier mine, away up the B.C. Coast on Portland Canal. Given up by one group of prospectors, it was finally brought into production by a New York syndicate in 1919 and paid \$5 mil-

Crime Laid to Lack Of Moral Training

MELBOURNE, Australia.—Amplifying recent remarks about the relation of slums to crime, the Inspector-General of Penal Establishments, J. Akroyd, states in his annual report to the Victorian Parliament that he cannot subscribe to the opinion that slums are the basic cause of crime. Nor, he says, has he found that most of Melbourne's big crimes are committed by young men who desire to "get their own back on society" for what they had suffered in slums as children.

"Individual studies of criminals," he says, "especially the youthful criminal, make one doubt very much whether there is any truth whatever in such generalizations."

Most Important Factor

"One cannot emphasize too strongly that it is the moral training of the individual that is the most potent factor in his future life as a citizen, and not the mere bricks and mortar amid which he lives."

"Slum dwellings, of course, are a

factor in the making of the criminal, but a very minor factor indeed, and neither I nor any of my officers would say that criminals were determined to get their own back on society because of wrongs they had suffered as a result of the surroundings in which they live. Criminal acts are largely a matter of habit caused by wrong training in youth."

Improved Reformatories

Mr. Akroyd emphasized that a high percentage of delinquents came from boys' homes and reformatory schools. "One cannot help thinking," he said, "that if these homes and schools put more constructive effort into endeavoring to mold the character of these lads and paid greater attention to after-care, the greater proportion would be saved."

One bright feature of the report was the statement that the daily average of prisoners in Victorian jails and reformatories seemed to be gradually and steadily declining. It was 1260 in 1935, compared with 1570 in 1934 and 1603 in 1934.

EP RANCH IN ALBERTA NOW UP FOR SALE

The famed EP ranch at High River, Alta., owned by the Duke of Windsor, will be sold. It became known when the former King Edward advised the Alberta government of his plan in connection with oil leases of the ranch. No purchase has been named for the ranch which the Duke bought in 1919 while Prince of Wales. An order-in-council has been passed by the government stipulating that mineral rights on the ranch would not be sold by the province for 10 years after the disposal. The ranch after coming under control of the former Prince began specializing in pure-bred cattle and his livestock has taken prizes all over the continent. The upper photograph above shows a view of the ranch residence, while the lower photograph is an interior view of the comfortable living room.

Recipes

LEFT-OVER MEATS

As an aftermath of the festive season, the housewife is often faced with left-overs of meat and poultry. These left-overs need not be wasted as they can be made into a great variety of dishes with the expenditure of little time and trouble. Bones from roasts and steaks should be utilized in making soup and stock. Surplus gravy and the liquid from stews may also be used for soups. A few of the uses which may be made of left-overs are—

Croquettes—Any kind of ground beef or poultry, one part mashed potato, or rice and egg, mixed with gravy, stock or white sauce, and fried in deep fat.

Hash—Two parts of any kind of ground beef and one part of mashed or chopped potatoes.

Stew—Cold roast beef, steak, or corned beef and steaks should be cubed and re-heated in gravy or white sauce.

Beef Pie—With stew as a basis, put in baking dish and cover with baking powder biscuits, cut about one inch in diameter.

Minced Beef on Toast—Chop cold beef, heat in gravy and serve on toast.

Recalced Beef—Cut beef in cubes, mix with gravy, and place in baking dish with alternate layers of

boiled rice or dressing. Cover with bread crumbs, and brown.

Shepherd's Pie—Same as for beef pie, except that cover is of mashed potatoes.

Jellied Meat—Cold roast steak, tongue, or tripe, cut in cubes and added to a highly-flavored gelatin stock. Mould, cool, and slice.

Beef Sandwiches—Finely-ground cold beef, seasoned with salad dressing and Worcestershire sauce.

Quips and Quirks

"Factories in the Soviet Union are producing twenty times more aeroplanes, motors and accessories than France," He said, the factories were equipped principally with English and German machinery and employed about 200,000 working in three shifts—Daily Paper.

Maybe Hitler and Mussolini stole the rest.

Dear Old Lady (to postman)—"I posted a letter to my daughter, but unfortunately forgot to put a stamp on the envelope."

Postman—"It will be charged 3d, which your daughter must pay before the letter is delivered."

Dear Old Lady—"No, she won't. I'll put two stamps on the next letter I send her, and that will put the matter right."

Teacher: "An anonymous person is one who does not wish to be known—who's that laughing in the class?"

Small Voice: "An anonymous person, sir."

(The first of the pre-Easter series, "Characters about Calvary.")

CHRISTIAN SCIENCE At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Substance."

The following is one of the Scriptural quotations contained in the Lesson-Sermon: "O Lord, how great are thy works! and thy thoughts are very deep." (Psalms 125:5). One of the correlative passages from

"Science and Health with Key to the Scriptures," by Mary Baker Eddy, is, as follows (page 259): "God, Spirit, works spiritually, not materially. Brain or matter never formed a human concept. . . . Immortal ideas, pure, perfect, and enduring, are transmitted by the divine Mind through divine Science, which corrects error with truth and demands spiritual thoughts, divine concepts, to the end that they may produce harmonious results."

HERE'S A GOOD ONE A member of a military band at a certain barracks came to the surgeon recently with a long face and a plaintive story about a sore

"Sore throat—eh?" said the surgeon pleasantly; "let me see. Oh, that's not so bad. A slight irritation, nothing more. You'll be all right in a day or two. I think you had better take no risk of renewing the trouble by using your throat, though, so I will recommend you for two weeks' sick leave."

Armed with the surgeon's certificate, the bandman obtained two weeks' sick leave.

The two weeks had just come to an end when he met the surgeon on the parade ground.

The bandman saluted. The surgeon recognized the face and stopped.

"How's the throat?" he asked pleasantly.

"It's quite well, sir," was the reply.

"That's good," said the surgeon. "You can get back to your duty now without fear. By the way, what instrument do you handle in the band?"

"The small drum," said the musician.

NOTICE
In the Estate of MARSHALL WARHAM, late of Portland, Oregon, one of the United States of America, Legger, Deceased.

TAKE NOTICE that all persons having claims upon the estate of the above named Marshall Warham, who died on or about the 24th day of November, A.D. 1936, are required to file with the Administrator by the 30th day of April, 1937, a full statement duly verified of their claims and of any securities held by them, and that after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed, or which have been brought to their knowledge.

DATED this 22nd day of February, A.D. 1937.
WHITE & DAVIES,
Clyde, Alberta,
Solicitors for the Administrator. m1c

Successful Event
Brought to Close
(Continued From Page One)

by Otto Jensen of Home Glen, selling for \$205.
Total sales of the first day amounted to \$28,920 from the sale of 276 head, averaging \$94.21 per head. . . not bad for the first day.

Private Sales Made
A lot of private sales were made out at the barns before the auction sale started Wednesday morning, the auctioneering getting under way about 10:45. . . Ribbons were issued to buyers, which permitted their admission to the ring. . . and there were still close to 50 in the enclosure.

The first sale went to A. Wilson of Bathurst, N.B. . . It brought Cecil Law, the owner, \$112.50. . . Bidding started pretty slow but picked up as the buyers warmed up to the job. . . A good crowd was on hand as the sale started for the second day, the pavilion being half filled.

Gordon Leiske had some tough luck endeavoring to get to the horse sale. . . He was riding a horse to Lacombe Monday night to enter it in the sale but on his way collided with a truck driven by Emil Schumacher of Bentley. . . Both he and the horse were slightly injured and forced to return home. Too bad, Gordon.

Clarence Damron and Bill Durno had some job hearing themselves talk Wednesday afternoon as the crowd became noisy. . . The stallions, sold last through the ring, caused considerable interest but little bidding.

Producing more oysters than any other Canadian province, Prince Edward Island has seen the marketed value of the annual catch increase from \$24,329 in 1932 to almost \$60,250 in 1935.

IN MEMORIAM
She was taken without any warning. Her going left hearts filled with pain; But though she is gone from amongst us, In our hearts she will always remain.
—In loving memory of my dear daughter, ELSIE CLARK, who died March 8th, 1936. Inserted by her Mother and Family.
Ever Remembered. m1p

Banquet Held
Friday By W.I.

The Women's Institute held a banquet Friday night in the L.O.M. Hall, when 58 members and their friends enjoyed the evening.

Guests were welcomed by Mrs. W. Toward, and Mrs. Davies, constituting the committee for the work accomplished by the organization in the past, such as building outdoor rinks for school children, tubercular prizes for artistic efforts and other worthy works.

"The diseases of today were, a few years ago, considered as plagues," claimed Dr. G. M. Little, the guest speaker, in his address on "Vanishing Diseases." He pointed out the case of smallpox, which, during the middle ages, caused more deaths than the numerous wars waged throughout that time, which today can be avoided by the use of vaccine.

Permanent Protection
In the case of diphtheria, Dr. Little told the gathering, permanent protection for those who wish it can be administered by inoculation. The speaker deplored the fact that people were so backward in taking advantage of the immunity that science can give against certain diseases.

"Typhoid fever, during the South African War, took a death toll of 8225 men, more than were killed in actual combat," the audience was informed. "In civilian life today, this disease is under almost perfect control by the proper sanitation methods. Typhoid germs appear in impure water, in impure milk, and in garbage cans and piles of all sorts. The common house fly is the most common typhoid germ carrier."

Problem Being Solved
Dr. Little informed those present that scarlet fever, with the development of an effective serum, and tuberculosis, with the scientific knowledge being gained regarding the germ itself and the most effective means in which to cure the disease, are becoming less and less a problem in civilized life today. Likewise paralysis and rabies are being brought under control by the judicious use of serums.

After Dr. Little's address, a spelling match was held, with Miss Viola McLean emerging as winner. Mrs. Davies gave impersonations of different characters.

Believe It Or Not
"You know when I was lumbering in the Northwest it snowed so hard that we had to be let down with ropes to reach the tops of the trees. And the fog was so thick that the fish lost themselves in the wood and we had to sleep with mosquito netting over us to keep the pollywogs out of our eyes. We soon remedied that by digging ditches in it and draining it back to the river."

"Well, you know when I was down digging the Panama Canal it was so hot there one day when my buddy went in swimming and died off a 20-foot rock into the stream he forgot to take into account the evaporation, and when he was half way down all the water was gone."

"Was he killed?"
"No; it happened that one of our sudden heavy rains came up and he landed in eight feet of water."

If you don't believe there is human gratitude, listen to the way a radio-studio audience applauds a poor performance because it's free. —Toledo Blade.

Gull Lake

GULL LAKE.—The Searchlight Club held its monthly meeting at the home of Mrs. E. Morris, Vice-President. Mrs. B. Warham took the chair in the absence of President Miss Mary Wilton, who was ill.

After the business meeting a contest was held. The club then presented a large mirror to Mr. and Mrs. L. Cabelka. Mrs. Cabelka is the new member.

The Gull Lake school has two cases of scarlet fever, little Kathleen Gibson and Jan Gibson. A new pupil, Frances McVittie, enrolled on Monday, bringing the roll call to twenty-eight.

The pie social was a success on Saturday night. "Professor Quiz" —Mr. Alex. Shewan, conducted, Harry Hansen's team lost by a toss of the coin to B. Fernie's team to break the tie. The Radio Star contest was won by E. C. Moore and Don Surratt.

Miss Florence Eklund won the crochets and whist tournaments, and what a feckle whist!—and where were the boys who thought they could? There will be a short program in two weeks' time—so keep that date open.

Miss Mildred Moore spent the week-end at her home here.

Miss B. Allen of the Red Deer Health Unit has been in the district inspecting fever cases.

Opinions Gleaned
At the Pavilion
(Continued From Page One)

some time, so couldn't really say how it compares with last year's sale. The stock looks pretty good, though.

I. Bedenaff, Winnipeg.—The horse market is a little low in the east right now. Farmers are getting good prices for their stock.

U. E. Reeves, Lacombe.—(Tuesday afternoon). They had the largest crowd I ever saw in the Pavilion. The sale is certainly successful.

P. J. Biddell, Brand Inspector, Calgary.—It's the first time I have attended a Lacombe Horse Sale. They seem to me to be a fine lot of horses.

Victor G. Bowes, Toronto.—Prices are very good, considering the eastern market. The horses aren't as well fitted as they have been in the past.

Clarence Damron, Bentley.—One of the best sales we've ever put on, considering the large number of horses entered.

Bill Durno, Calgary.—I think it's a much better sale than that held last year, even though the horses were not as well fitted.

Head-Light Tester
Installed at Laird's
Laird Motors have installed an official head-light tester, which is available to all automobile drivers. The new tester is installed with a view to "safety-first on the highways," and by its help, drivers can find out whether their lights are in proper shape for the automobile season.

The R.C.M.P. are checking up on headlights on the highway and all drivers are warned to check their lights before driving at night.

St. Louis Times-Star.—If she washes dishes for \$5 a week, that is serendipity. If she does it for nothing, that is romance.

Pioneer Spirit
Still in Evidence

RIMBEY.—The lot of the farmer who has to haul feed for stock over roads in present condition is anything but rosy. During the past week, residents noted a little woman accompanied by a small son driving a "four-by-four" team of mules, pulling a load of greentree over half bare roads to the Iola district, making a 50-mile round trip. Posts had been hauled to pay for the feed.

The woman was Mrs. Victor Dersch, dressed in overalls and mackinaw, and mother of six children, who is trying to carry on while her husband is recovering at home from a broken leg received some few weeks ago while working in the timber.

Miss Marcella Jackson has enrolled at Alberta College, Edmonton, where she will spend several months.

L. K. King of the Thorsby Messenger, newspaper weekly, spent the week-end in Rimby. The return trip was made by car, via Lacombe and Leduc.

Mr. and Mrs. Jack McKenzie of Lacombe were Sunday visitors in Rimby.

Mrs. H. J. Lemon, who has been confined in an Edmonton hospital since Jan. 26th, when she was seriously injured in the Breton train wreck, was able to return to her home at Rimby on Saturday. Mr. Lemon went to Edmonton to accompany her on the trip.

The warm weather of the past week has thawed the snow so that the roads are becoming almost impassable for sleighing, making conditions very hard for those farmers living in the Iola district, who are having to haul feed from this district, some of them a distance of 25 miles.
